

## LIVE SCORING TUTORIAL

Our new website is [www.playerscupchampionship.com](http://www.playerscupchampionship.com). The new addition is LIVE SCORING. This will allow us to keep hole by hole score online to provide real-time scoring for the Cup right on your mobile devices. To keep everyone informed, I ask that we select one person per match to keep score online. This will be a very cool feature along all 27 holes to know what is going on with each match. Here is a quick guide:

Visit the site and select LIVE SCORING. The dropdown has the 3 selections "ENTER ROUND 1/2/3 SCORES" are for the person keeping score only. The LIVE SCORING/STANDINGS are for a quick view of the scoring for everyone to view. Here is the drop down from a mobile version of the homepage and the LIVE SCORING/STANDINGS pages: *(Note: There is also a tab on the bottom of the scoring to view hole by hole)*
